

CALL TO ACTION

(English version)

Selection procedure for the organisation of synchronous webinars,
for the year 2024 and 2025.

PREFACE

2024 is the fourth year of our association. The associative actions carried out so far have shown how important it is to perform shared training activities among colleagues Radiographers.

The scientific events that we have organized, the training courses that have involved us as association and those that have been commissioned highlighted the will to fill some professional gaps, the need for multidisciplinary interconnections and the desire to improve their daily practice.

Our Team consists of 28 Radiographers, spread throughout the peninsula and Italian Switzerland, because of an ever-expanding associative force.

This contest aims to research topics of general interest, which are to be developed in the format of synchronous distance learning courses or webinars.

Overall, the scope of this project is to identify the best design proposal among those who submitted the online form within the required deadline.

The Board of AITeRTC publishes the Call for the organization of online synchronous seminars for the years 2024 and 2025, in compliance with the articles and criteria described here.

Article 1 – Who may participate

The call is intended exclusively for Radiographers with recognized and documented professionalism in the scientific areas represented in AITeRTC (Computed Tomography and Radiography).
